This product supports the following areas of child development.

Balancing

Stretching & Flexibility

Strength

Hanging

Hand-eye Co-ordination

Gross Motor Skills

Climbing

Problem Solving

Co-Operative Play

Communication Skills

Description

Children learn by having fun and, with AMV heavy duty vandal resistant products, you can be sure that they will do so for many years to come. The Trim Trail equipment is bright and colourful, with anti-slip surface and and helps to improve balance, agility and co-ordination. As with all AMV equipment, it is made in steel which dries quickly after the rain and wonâ€™t split, distort or lose grip. Even better, unlike wood, it needs very little maintenance.
