Play Values

This product supports the following areas of child development.

Strength

Gross Motor Skills

Description

Children are being encouraged to walk, cycle and scoot to school to help reduce obesity and to improve the carbon footprint, they arrive brighter and more alert as the exercise reduces stress and increases creativity both of which will help a childâ€™s performance in the classroom. AMV offer a range of standard and made to measure bicycle and scooter storage solutions starting with basic stands and racks which can be installed independently through to covered and lockable storage areas.
