Play Values

This product supports the following areas of child development.

Description

The Hastings is a functional, versatile steel frame and timber outdoor shelter, whose looks give it an appeal in a number of outdoor environments. Itâ€™s made of galvanised steel and a powder coated frame, with timber cladding to the rear and two sides â€“ giving it a classic, stylish look.

It has a PET roof with guttering to the rear with 1 outlet and is surface mounted, offering smokers protection from the wind and rain whilst at the same time complementing the landscape surrounding any building. Check out our range of cigarette bins to complement your shelter.
