Price on Application

Dimensions:

Height	400 mm
Diameter	500 mm

Key Stage:

KS1 KS2

Play Values

This product supports the following areas of child development.

Jumping

Description

A functional product for sitting or jumping. Ideal for green spots and playgrounds. Perfect for playing or to just take an informal break. Also suited for use as a mobile seating bollard in indoor settings in a variety of applications.

The HopOp 500 has a textured/granulated surface due to abrasive blasting of the mould. This process enhances the friction and makes the surface comfortable and safe to use.

Material

Rotation moulded polyethylene

The material is suitable for recycling.

Fixing

For surface and subsurface mounting. HopOp500 can also be filled with sand or water and placed directly on the ground.
