Loop Line

Product Code AMVOUT-LOOP-LINE

Price on Application

Dimensions:

Length	2000 mm
Width	400 mm
Height	400 mm

Key Stage:

EYFS KS1 KS2 KS3 KS4

Play Values

This product supports the following areas of child development.

Communication Skills

Description

LOOP Line is made to function independently as well as in combination with LOOP Arc to form a triangle, a curving snake or any number of other configurations. Combined with LOOP Corner it forms rectangles to use for ball courts, elevated beds or sand boxes, where seating is the added bonus.

The Loop Line has a textured/granulated surface due to abrasive blasting of the mould. This process enhances the friction and makes the surface comfortable and safe to use.

Material

Rotation moulded polyethylene

The material is suitable for recycling.

Fixing

Subsurface or surface mounted.

Please note that the shape of Loop Line does not permit it to stand alone unfastened. It must be attached to the ground or to a LOOP Arc or LOOP Corner at either end.
