### Key Stage:

KS2 KS3 KS4

## Play Values

This product supports the following areas of child development.

Communication Skills

## Description

The Plateau Seat has a clear design origin from the original Plateau Picnic Table. The Plateau family presents a stringent, almost graphic, expression firmly rooted in the Scandinavian design tradition.

There are three versions available; the backless bench, the backed seat and the wall mounted bench. Each is available with a fixed side-table. The variety of combinations meets functional needs as well as creative aesthetic solutions.

The simple design and generous length provide plenty of seating, as well as the possibility for people to group at each end. The unique design can accommodate 5-6 people. The wall mounted version can seat 1-4 people depending on the length and side-table position. Suitable for all age groups.

Plateau is produced from durable materials requiring no other maintenance than soap and water.

**Material**

Seat - High Pressure Laminate

Frame - Galvanised steel / Powdercoated Steel
