## Description

StarFish invites for dialogue, creative expression and relaxation. It is a piece of art or a landmark, whether it is in urban spaces, parks or institutions.

StarFish facilitates interaction, play and reflection for people of all ages, genders and cultures. Starfish is a hallmark or a piece or art wherever it stands: in urban spaces, parks, company headquarters or institutions.

One of the main ideas behind Starfish is the infinite number of uses since the elements have no predefined function, but are intended to appeal to the imagination.
