

## **Rope Crossing**

Product Code AMV-TT07

## Price on Application

Price stated is for product only.<br>Contact us for a delivery & installation quote based on your location.

**Dimensions:** Length 3100 mm Width 90 mm 2480 mm Height

### **Play Values**

This product supports the following areas of child development.

Gross Motor Skills

Stretching & Flexibility

Hand-eve Co-ordination

Climbing

# Description

When children engage in physical activity, their senses are engaged, growing awareness and understanding. The trim-trails create an agility course that can be tailored to suit the age group, flooding the senses with a range of skills including balance, strength, climbing, stretching and co-ordination. They encourage inclusion and problem solving and are a good way to encourage exercise for those children who struggle to engage in team sports.
