Description

The Table Tennis Tables are a new addition to the product range and have been developed by AMV in conjunction with the English Table Tennis Association (ETTA). Manufactured with a steel construction and option of 4 colour top the table is aimed at recreational use within schools, parks, camp sites and community areas. The rounded corners allow for safety and the Table Tennis Table is vandal resistant unlike the new concrete versions, which degrade with the weather conditions and cannot be repaired when the corners get damaged.
