Understanding the World

## Description

The Fire Engine play panel is part of the emergency services range of imaginative play products. It has many features that enhance the play experience, including a rotating steering wheel and rear view mirror. This panel is also available with additional interactive PlayTronic sound effects, including siren, horn, engine start and radio communications. All AMV Play Panels can be wall mounted or mounted onto posts fixed into the ground. Multiple panels can installed side by side or back to back. Please ask for further details of the options available.
